## CERTIFICATIONS

📅 September 2021- July 2021

- Full stack web development (Mern stack)

<https://www.udemy.com/certificate/UC-c83856e4-c696-4a6f-be55-e34fb89c0c7b/>

## PROJECTS

### Todo List Web Aapplication(Mern stack)

📅 Jan - April 2022

- With the knowledge from enrolled course from udemy I had made a Todo list web application which is fully functional.
- With the Todo list application I was able to integrate with various frameworks and popular scripting and programming languages and understand the production of a web application online
- [Todo list Web application--link](#)

### One Player Snake Game

📅 Aug 2021

- A snake game is classic video game .This game is simple in concept but challenging in execution
- With this game I have grasped the idea of collision detection in programming and movement mechanisms
- Technology Used - Java, Javafx
- [Git hub link for the project](#)

### Drum-kit

📅 November 2021

- A mini project to understand only the front end part of the web application.
- Technology Used- JavaScript,Html,Css
- [Drum kit web application -- link](#)

## SKILLS

- Languages - C, Java, Python, JavaScript
- Database Management- SQL, MongoDB
- Tools - JavaFX, NodeJs, Git&Github

## EDUCATION

### B.Tech(Information Technology)

**Bapatla Engineering College,Bapatla**

📅 2020 -2024

7.56 CGPA till 6 th Semester

### 12th

**Narayana junior College ,Gudivada**

📅 2020

Result-90.4%

### 10th

**Sahayamatha English medium school , mudinepalli**

📅 2018

Result-10 CGPA

## ACHIEVEMENTS

- I have created a fully functional live web application from scratch on my own and solved more than 100 DSA problems on various platforms
